FEAR HITCHCOCK MAY HAVE BEEN MURDERED.

Friends Declare He Has Been Hounded by Blackmailers for Years.

Suspect Criminals Have Kidnaped Actor and Possibly Done Away With Him to Avoid Exposure as Result of Indictments Returned for Alleged Wronging of Three Little Girls.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Oct. 31.—[Exclusive Dispatch.] Raymond Hitchcock has been murdered or kidnapped by blackmailers, who have hounded him for years and who feared exposure as the result of indictments returned by the grand jury on the stories of three little girls, is the belief of those who were close to the missing actor. His disappearance was the talk of New York today. The kidnapping or murder theory is held by Herman Fromme, the missing man's attorney and by Mrs. Hitchcock, who, before her marriage, was Zabelle Mangasarian of Chicago.

Mrs. Hitchcock, though near collapse through worry, has continued to play opposite her husband's understudy at the theater, where both were engaged until yesterday, when Hitchcock failed to appear at the matinee.

Mr. Fromme said: "Hitchcock did not go away of his own accord. He has been either kidnapped or murdered by the band of blackmailers by whom he has been annoyed, threatened and hounded for the last two years."

"Six of these dozen men are known by name to me. Mr. Hitchcock has lived in a state of continual terror on account of their persecutions for two years."

"He is an innocent man and there is no proof against him that there is the slightest foundation for the accusations made."

"Four men have been trailing him for months. Now it turns out that they are blackmailers. Last Monday, Mr. Hitchcock was anxious to have this entire matter aired in court, but an adjournment prevented this. The case was called for this afternoon."

I believe that he is the victim of blackmailers, who are not anxious to have the case thrashed out."

HITCHCOCK OR MURDER?

The actor's warm friends, who have energetically defended his name since he became involved in trouble, are divided in opinion. Many insisted to-day that the driven actor by serious accusations, he had committed suicide. Others were satisfied that he had been spirited away and possibly murdered by men who had practiced blackmail on the comedian and who feared exposure of the case against their victim should come to trial.

While these theories gained some credence, the police did not relax their efforts to locate Hitchcock, which began when a police alarm for his arrest was sent out last night. All outgoing steamships were visited and their passenger lists scrutinized. A wireless message was sent to the Majestic, which sailed yesterday. Detectives watched the docks.

CLEW LEADS TO HITCHCOCK.

Dist. Atty. Jerome tonight sent two detectives to Boston. This action probably grew out of the statement of a railroad conductor, who thought he had Hitchcock as a passenger from this city to North Adams yesterday.

This conductor, G. B. Keeler, returned to New York tonight, when he said his train had picked up three men at One Hundred and Twenty-fifth street yesterday. In one of these three he thought he recognized Raymond Hitchcock. He was not positive of the identification. He had seen Hitchcock on the stage, and for the moment did not doubt that the comedian and his passenger were one and the same. He added:

"The three men carried no baggage, and one of the other two paid cash fares for all to North Adams. They changed a drawing-room in a Pullman car and remained in the apartment through the trip. After our arrival in North Adams I met the three men on the street, but have no idea where they went."

At North Adams train connections for telegrams to Hitchcock or Troy, some of Hitchcock's acquaintances think it likely that he has sought seclusion, where undisturbed for a few days he can think over his predicament and decide upon a course of action.

HITCHCOCK'S TROUBLES.

Hitchcock's troubles have assumed several phases.

He first caused the arrest of a boy, who, he alleged, had attempted to kidnap him. Disclosures in the case led to Hitchcock's arrest, and he was arraigned Monday. The case went over until today, and he was released on \$3000 bail. Meantime, the grand jury returned six indictments for felonies against the actor, conviction on which might send him to prison for the rest of his life.

When the original case was called today and the defendant failed to appear, his counsel asked that the bond be continued for a week. The district attorney's assistant made no objection and the magistrate set the hearing for next Wednesday afternoon.

LOYAL WIFE.

Flora Zabelle, the missing actor's wife, who has a part in the "Yankee Tourist" company, in which Hitchcock has been starring, was completely exhausted today as the result of the strain of the last twenty-four hours. Despite the fact that she was apparently on the verge of a breakdown, she went through her part in the afternoon and evening performances of the "Yankee Tourist." After the close of

Mr. and Mrs. Raymond Hitchcock.

She is known as Flora Zabelle and is now playing with the "Yankee Tourist" company in New York. Hitchcock's failure to appear Wednesday afternoon to assume his stellar role in the performance first attracted attention to his disappearance. He failed to answer yesterday to the indictments brought against him for worrying three little girls and the police of New York have searched for him in vain.

RETRENCHMENT IS WATCHWORD.

Uncle Sam Must Cut Down His Expenses.

Unnecessary Demands Will Be Turned Down.

Large Sum Must Be Voted for Canal Work.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Oct. 31.—[Exclusive Dispatch.] Warnings have been given from time to time by members of the House Committee on Appropriations that there must be retrenchment—that it is costing too much to run the government, and that every unnecessary department demand would be treated with scant courtesy.

Warnings of this kind were heard before the two billion dollar Congress. They are heard again today, but the certainty is that if all the plans under consideration for spending government money are presented to Congress at the next session some of the statements who believe saving is a statesman's duty will ask whence the money is to come.

TO ASK FOR MILLIONS.
It is understood that the legislative and executive departments will ask for \$15,000,000 this year. The demand last year was for a million and a half less. The State Department probably will be content with the amount for which it made application last December—\$3,500,000. The War Department probably will ask for \$18,000,000 and the navy \$14,000,000.

It is to be assumed that Congress this winter will be asked to appropriate at least \$100,000,000 for the various running expenses of the government. This, of course, takes no account of extraordinary matters, for which provision must be made.

CANAL RATS UP CASH.
The Canal Commission will ask Congress for a large appropriation to cover a deficit, for it is certain that the money voted last winter will not keep the digging apparatus at work till the end of the present fiscal year.

Col. Goethals has more than "made good." Congress had absolutely no thought, judging from past canal experiences, that the work could be done fast enough to set up the money it granted last session. Under a soldier's direction, however, the civilian records have been smashed so completely that the piece cannot be found.

DEMAND THAT JAPS BE BARRED FROM AMERICA.
Representatives in Congress from Golden State Will Request Further Legislation as Result of Continued Smuggling of Little Brown Men into the United States.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Oct. 31.—[Exclusive Dispatch.] California is preparing to insist upon complete exclusion for Japanese at the coming session of Congress.

This information leaked out today, when it was stated that Secretary Straus took up the Japanese question at the last Cabinet meeting and explained that the Japanese were slipping into the United States via Canada and Mexico, despite the new immigration law.

Word has reached Washington that there has been no diminution in the number of Japanese labor agents to furnish laborers to the western railroads, and the Californians are asking where this limitless supply comes from. It is reported that many Japanese who have enlisted to pass from Canada to Mexico and then across through the confines of the United States have never reached their destinations.

The California Congressmen are expected to lay this situation before Congress this winter, and request for further legislation. It is fully expected that their insistent demand will be augmented by the fact that the battleship fleet will be in the Pacific at that time.

Now Giving Out Cash.
SPOKANE (Wash.) Oct. 31.—The banking situation here is improved somewhat today. The banks are letting go today of a little more money and the clearinghouse checks are not being insisted upon as stringently as yesterday. The local bankers say they have now reached a position where they can safely supply any one with money who needs it. They claim this is not caused by the receipt of money, but is for the reason that all the business men have united to do practically all business on the clearinghouse system, which has relieved the money market. Two or three banks are paying all their own checks in cash, while all are giving out some money.

Idaho Banks Sound.
PORTLAND (Or.) Oct. 31.—Gov. Gooding of Idaho sent the following dispatch to the Evening Telegram: "Financial conditions in Idaho are entirely sound. The State has never been more prosperous. So far as can be learned not a single withdrawal of funds has been made from any of the banks of Boise since the present difficulty began. Reports from all parts of the State are of the same tenor."

Doing Business as Usual.
BUTTE (Mont.) Oct. 31.—With the single exception of the State Savings Bank, which probably will be reopened shortly, Butte banks are transacting business as usual. They are cashing checks as presented and have not curtailed depositors in any way. The banks are in excellent financial shape and their managers say they will not be compelled to resort to methods now employed elsewhere because of currency shortage. Deposits are increasing and there are no unusual demands on the banks here.

Run on Small Bank Continues.
PITTSBURGH, Oct. 31.—The run on the small bank continues. The child was made the fortune of some of the museum managers. The child was the initials "W.C." were engraved.

FINANCIAL.

(Continued From First Page.)

where loans have been negotiated and the money has not been turned over to the banks, the security is good. I would favor letting the money out because it would be perfectly secure and would do good, but as a matter of protection to myself and to the banks, I shall not close any of the loans until I hear from the Attorney-General, which will be tomorrow or the next day."

It was announced at the Capitol today that Gov. Gillett had left his home in Eureka, and will arrive in San Francisco early tomorrow morning.

Acting on the direction of Gov. Gillett, a second proclamation declaring tomorrow a holiday, was issued, as follows:

"In the interests of the public welfare, I, J. N. Gillett, Governor of the State of California, by virtue of the authority vested in me by the Constitution and laws of this State, do hereby designate, appoint and declare Friday, November 1, A.D. 1907, as a public holiday."

BANKS REMAIN OPEN.
(BY THE ASSOCIATED PRESS—A.M.)
OAKLAND, Oct. 31.—Despite the proclamation of a legal holiday by the Governor, all of the banks in Oakland, Alameda and Berkeley opened for business today. Conditions in this city are normal. The Clearinghouse Association held a meeting this morning and later issued a statement declaring that the financial situation is sound and encouraging. Prominent bankers united in declaring that the state of local institutions is satisfactory and that no cause for alarm exists.

QUIET AT SAN JOSE.
(BY THE ASSOCIATED PRESS—A.M.)
SAN JOSE, Oct. 31.—All the banks in this city are open today and doing business as usual and they state that they will continue to do so. For the past week they have been operating under a semi-organized clearinghouse system, identical with the system in operation in San Francisco. The banks, however, are requesting their customers to pay their bills with checks instead of currency. Not the slightest alarm is felt here concerning the situation.

DEPOSITORS NOT UNEASY.
(BY THE ASSOCIATED PRESS—A.M.)
EUREKA, Oct. 31.—The Humboldt county banks are all open and doing business as usual so far as ordinary trade is concerned. As Eureka is in close communication with San Francisco, local banks carry large quantities of cash all the time and the property of the county will receive no setback. Due to the protective measures being used, however, the withdrawal of large accounts will not be permitted at present. Depositors are showing no uneasiness whatever.

ON CLEARINGHOUSE BASIS.
(BY THE ASSOCIATED PRESS—A.M.)
SANTA ROSA, Oct. 31.—Local banks are doing business as usual today except that they are working on a clearinghouse basis and paying out as little cash as possible. Absolutely no unusual whatever is felt on the part of depositors.

MAKING NO LOANS.
(BY THE ASSOCIATED PRESS—A.M.)
CHICO, Oct. 31.—All the banks here are open and caring for all local business. Outside business is being taken for collection, but no loans are being made. There is not the slightest indication here of an unusual demand being made by depositors.

HAY ANKLE PUNDS.
(BY THE ASSOCIATED PRESS—A.M.)
STOCKTON, Oct. 31.—All the Stockton banks, seven of them, are open today, though under the holiday rule. There is no sign of a run on any of them and all are regarded as sound with ample funds on hand to handle any sort of an emergency. All reasonable checks between local business men are being honored, and all checks for the payment of labor are being cashed as usual.

DEPOSITS INCREASING.
(BY THE ASSOCIATED PRESS—A.M.)
FRESNO, Oct. 31.—All the banks are doing business as usual here on clearinghouse certificate plan for checks over \$50, taking no advantage of the legal holiday. There is no hurry and business is transacted in usual volume without uneasiness. The local situation is practically undisturbed by the San Francisco failure and Fresno bankers are more optimistic than ever. Bank deposits are increasing even beyond expectations.

MANY BANKS WILL INCREASE CIRCULATION.
(BY THE ASSOCIATED PRESS—P.M.)
WASHINGTON, Oct. 31.—Treasury officials are generally agreed that the number of banks throughout the country which have already indicated their purpose to comply with the suggestion of the controller of the currency that additional currency be taken out, is large. A considerable portion of this belongs to banks that have already reached their limit under the law. A very large sum is available for banks that carry only comparatively small amounts when compared with their capital. One large New York bank could, under the law, take out \$10,000,000 additional circulation and in all probability it will soon ask for a material increase.

Mr. Ridgely today expressed the opinion that within the next ten days the outstanding circulation of the banks will have been increased from \$15,000,000 to \$20,000,000 or more. There are indications that New York banks which have no United States bonds on hand to deposit as security for circulation are borrowing them from other banks that have surplus and have already reached their limit. In many instances these requests for accommodations of this character are being met by the banks with which they are made. It is estimated by the most competent authorities that the buying of securities by investors in odd lots has in the last ten days, reduced the amount of the Treasury's cash holdings to a very small sum.

PUBLIC CONTINUES TO BUY SECURITIES.
(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, Oct. 31.—[Exclusive Dispatch.] It is estimated by the most competent authorities that the buying of securities by investors in odd lots has in the last ten days, reduced the amount of the Treasury's cash holdings to a very small sum.

Run on Small Bank Continues.

of 2,000,000 shares of stock, and if the average value be put at \$50 a share, this means, in money, \$100,000,000. The exchange of savings for securities on any such scale as this must tend to relieve the money market situation. The figures are believed to be conservative.

A canvass of commission houses brought out the information that they did yesterday anywhere from twenty-five to 175 odd lots each, assuming the 100 Stock Exchange houses did an average of ninety odd lots each yesterday, and that the average number of shares in each lot was thirty, the total number of shares was 180,000. If it be assumed that the average value of each share was \$50, the aggregate in money was \$9,000,000.

These figures must be rather below the actual truth, since there were many more than 100 houses engaged in such buying. The total of yesterday's investment in odd lots probably exceeded \$10,000,000. It has probably averaged \$10,000,000 for the last ten days.

FINANCIAL SKY IS FAST CLEARING.
(BY THE ASSOCIATED PRESS—P.M.)
NEW YORK, Oct. 31.—Indications that available supplies of cash will be materially increased within a short time in close communication with the increase of the bank note circulation and that the movement of cotton and grain crops would be facilitated in every way possible with the result of increasing the country's credit and salient features of today's financial situation.

It seemed to be recognized everywhere that the acute stage of the crisis was over and that all that remained was to obtain sufficient currency to meet the needs of the country and thus to restore conditions prevailing before the crisis.

The exchange of gold of made in New York, Chicago and elsewhere brought up the total import movement within the past week to \$1,150,000. A large amount of gold will afford a large credit to four times the amount, or about \$5,000,000, it will in itself afford much relief to the existing pressure.

TO INCREASE CIRCULATION.
The prompt response of the national banks throughout the country to the suggestion of Comptroller Ridgely that they should employ United States bonds as largely as possible to secure circulation, and such other bonds for those pledged against deposits of public money, promises a considerably increased available supply of currency. The estimate of an increased bank note circulation of \$20,000,000 is considered well within the probabilities. It will require, however, in some cases for the banks to obtain proper bonds to substitute for their United States bonds.

George E. Roberts, vice-president of the National City Bank, made the fruitful suggestion today that the savings banks would at once improve the general situation by increasing their circulation. If they would sell their holdings of United States bonds to the national banks. Even in cases where they do not care to sell it is believed they will lend the bonds to the national banks, as has often been done in the past.

Interest is continuing to center in the movement of the cotton crop from New Orleans and other southern points, as cotton is so essential in providing bills against the imports of gold. Secretary Cortelyou, according to Washington dispatches today, was disposed to increase deposits of public funds in the southern banks as rapidly as such bonds become available. This will supply the banks with the stock of currency so much needed to handle the cotton crop, and will enable them to meet the needs of the interior banks throughout the country.

CURRENCY REFORM PLAN.
It is noted that leading bankers here are taking much interest in the plan for currency reform, indorsed by the American Bankers' Association. This plan was adopted in December of last year, after consultation with representatives of the New York Chamber of Commerce, and it was presented to Congress by the House Committee on Banking and Currency.

WASHINGTON BANKS OPEN FOR BUSINESS.

(BY THE ASSOCIATED PRESS—P.M.)
BELLINGHAM (Wash.) Oct. 31.—Fourteen banks in eleven towns out of Bellingham in Skagit and Whatcom counties opened for business today as usual, and in no instance is advantage being taken of the bank holiday proclaimed by the Governor, made to 4 per cent. and that the English rate remains 1 per cent. below the German rate is accepted as an indication that the situation at London is not considered acute.

ASSETS SUFFICIENT BUT CASH IS LACKING.

(BY THE ASSOCIATED PRESS—A.M.)
BALTIMORE, Oct. 31.—Application was made in the United States Circuit Court yesterday for the appointment of receivers for the Baltimore Street Car and Foundry Company. It is stated that while the company has liabilities closely approximating \$5,000,000, the company has plenty of assets which it is unable to raise upon. It will pay dollar for dollar.

INTEREST PAYMENTS WILL BREAK RECORD.

(BY THE ASSOCIATED PRESS—A.M.)
NEW YORK, Oct. 31.—The Journal of Commerce estimates the dividend and interest payments for November at \$75,108,501, a new high record for the month, as against \$53,000,000 last year.

The enormous extent to which investment buyers are taking advantage of the declines in the prices of stocks to buy up small lots was indicated today by the estimate of amount taken 2,000,000 shares of stock out of the market within the last ten days. The average value is estimated at \$50 a share, making a total investment of \$100,000,000.

CHICAGO BANKS TO INCREASE CIRCULATION.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, Oct. 31.—[Exclusive Dispatch.] Chicago's national banks will add \$4,000,000 to the circulation at once as the result of Controller Ridgely's suggestion that they should employ United States bonds to the extent of \$4,000,000. This amount may be considerably increased as the local banks are still \$12,000,000 under the circulation limit. The banks which already have negotiated with the controller of the currency, together with the new notes they will put out, are as follows: First National, \$1,750,000; National Bank of the Republic, \$1,000,000; Continental National, \$1,000,000; Bankers' National, \$1,000,000; Commercial National, \$1,000,000; Monroe National, \$500,000; National City Bank, \$500,000.

The present use of checks in drawing upon commercial accounts will be abandoned at the end of thirty days, by the Controller of the currency, and the banks requiring sixty days' notice of the withdrawal of deposits. The savings banks today notified those who had given their notices that if a reasonable length of time the deposits will bear the usual interest. Under the new law, the interest on the deposits will be 4 per cent. per annum.

NEW STATE BANKS WILL SOON REOPEN.

(BY THE ASSOCIATED PRESS—P.M.)
GUTHRIE (Okla.) Oct. 31.—Oklahoma and Indian Territory banks, which have been closed since Monday last under the legal holiday proclamation of acting Gov. Wilson, will reopen for business under the limited payment system not later than Monday.

Dean's FRIDAY BARGAINS

It is the Thin Edge of the Wedge That opens the crevice. That's the theory of my Friday bargain policy. It has built me an enormous trade. Not just Friday bargain trade but every-day trade, for I drive the wedge deeper every time a customer comes back to my store. My Friday customers soon find out that I give them best values every day.

I've got a mighty thin wedge this week. It will open up a lot of new crevices, bring me a lot of new customers.

My prescription business is growing every day—you'll realize why if you will let me fill your prescriptions.

- 75c ALCOHOL STOVE 47c—You can boil a pint of water in 3 minutes on one of these alcohol stoves. They're a new kind of wickless—they burn the alcohol vapor, not the alcohol. Handy in case of sickness. Today 47c.
- 25c WOOD ALCOHOL 15c—A full pint of it and full strength. It gives out a great heat and is very refreshing. My price today is 15c.
- \$1.75 HOT WATER BAG 12c—It has a flannel covering so as to keep in the heat, and the bottle itself is splendid quality. Made from pure rubber. 3-qt. size. Today, \$1.21.
- 65c RAZOR STROP 35c—Most stores charge 75c for a strop like this. It's one of those strop things that are so handy for sharpening and the other for giving a keen edge to your razor. My price today is 35c.
- \$7.50 BATH CABINET \$5.15—This is one of my best bargains today. This cabinet is made of rubber and is very heavy and I know you will give good service. It's cheap at \$7.50, but today, \$5.15.
- 50c FLESH FOOD 33c—It's Dr. Charles's famous flesh food; unexcelled for beautifying the complexion, making the flesh solid and rounding the form. It's labeled \$1.00; my regular price is 50c. Today, 33c.
- 25c PEROXIDE HYDROGEN 13c—There is no better antiseptic known than this. It's the genuine unadulterated peroxide of hydrogen—the kind that won't explode. I'll sell the 25c bottles today for 13c.
- \$2.00 SHOPPING BAGS \$1.37—They're the popular draw-string style, roomy and handy. Just the thing for shopping day. Come in leather, black and colors. Today \$1.37 instead of \$2.00.
- 50c STATIONERY 25c—It's my special linen fabric stationery, 10 sheets and 10 envelopes come in each box. It's extra popular; always sold at 50c, but today, 25c.
- 50c WITCH HAZEL 17c—And now is the time you need witch hazel to relieve chapping of the hands and face. It's good to relieve pain, too, and to soothe sore eyes. This is full strength. Pint, today, 17c.
- \$1.40 TOILET WATER 97c—The famous "4711." I don't know of any better. It just takes a few drops of it to perfume the bath water and give very refreshing when used in the wash basin. \$1.40 size today, 97c.
- 25c TOILET SOAP 17c—3 cakes to the box. There are several different kinds. Popular "4711" is a soap, highly perfumed—all odors. Take my advice and lay in a stock at today's price, 17c.
- 50c ALMAROSA CREAM 35c—It's one of the best face creams I know of. It's made of black rubber, made seamless of black rubber. Extra good ones. They're ordinarily sold at 50c each; today, 35c.
- \$1.00 COMBS 65c—It's not often you get a chance to buy combs like these at 65c. They're good quality combs, made of black rubber. All combs, or coarse and fine. My regular \$1.00 combs today, 65c.
- 50c WRITING PAPER 25c—A full pound package of fine linen writing paper. It's the cheapest way to buy writing paper—by the pound. And this is a snap today—the price is cut in half. 25c a pound.

Union Pacific Holders Want to See

Threaten to Go to Law Unless They Get

Ownership of Common Not Only Beneficial

THE DIRECT WIRE TO THE TIMES
NEW YORK, Oct. 31.—[Exclusive Dispatch.] E. H. Harriman, president of the Union Pacific, has threatened to go to law with the stockholders of the company, who are demanding that he should give them the right to elect directors.

An anonymous communication is said to have been received by the Union Pacific stockholders, threatening to go to law with the company, who are demanding that he should give them the right to elect directors.

The Union Pacific stockholders are in for a big war of attrition. Although no official statement has been made, it is believed that the company is in a position to meet the challenge.

If the contention of the stockholders is upheld, it will mean that the Union Pacific stockholders will have the right to elect directors, which will be a great advantage to the company.

BIG AUTO EXHIBITION COMES TO QUIET END.

BY ROY BRADLEY WHEELER.
(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, Oct. 31.—[Exclusive Dispatch.] With hardly a vestige of the traditional house play the eighth annual automobile show of the Automobile Club of America came to a close tonight at 11 o'clock. The orchestra played a bar of "Auld Lang Syne." The accessory people in the gallery threw on their conferees below a stage storm of torn paper and with a few tools of automobile horns, the exhibitors sobriety turned to housing their cars for the night. The crowd of sight-seers had already dwindled to a few hundreds, and without further demonstration, the show passed into history.
The exhibit was a great and successful one, and the quietness of its demise was an indication of the fact that it has become a fixture. Some exhibitors have felt that the date was too early, but in general the early date has met with approval. The public seem to have taken to the October date more than the exhibitions have. Already talk of next year's show is in the air, and a proposition has been advanced to have it an immense open-air affair, with races and exhibitions in conjunction. August has been tentatively suggested as the proper date for this kind of show.
The show situation is somewhat complicated by the local money market, and there seems to be a falling off in retail sales. Exhibitors are not dissatisfied, however, for wholesale orders are greater than ever, and indications point to a successful automobile year.
As an index of what is going on in the selling, one company manufacturing a popular, medium-priced car, reports that orders were taken for 425 cars, and more than \$10,000 being received in deposits.

Manager Townsend, of the Hoegge Indoor Baseball Team.

INDOOR BASEBALL
Prospects for Ten Club League Are
Good and Schedule of Games is
Arranged.
Indoor baseball is being revived locally and the Hoegge will play the Long Beach Y. M. C. A. team at Long Beach tonight. Following will be the Hoegge line-up: Goodman, pitcher; Flick, catcher; Snodgrass, first base; McQuade, left shortstop; Chandler, right shortstop; Thompson, second base; Townsend, third base; Murphy, left field; Brown, right field. Murphy probably is the best runner on the Hoegge team, and is the battery of Goodman and Flick is a formidable one. All the members of the team are heavy hitters, and they expect to annihilate Long Beach tonight.
The challenge from the U. S. C. indoor baseball team has been accepted and a game will be arranged for the early date. Sunday afternoon the Pastimes and Merchants will play at Washington and Ivy streets.
Manager Townsend of the Hoegge expects to have an indoor league organized within a week, with ten teams holding memberships, as follows: Hoegges, Pastimes, Merchants, U. S. C., Long Beach, Los Angeles Y. M. C. A., Pasadena Y. M. C. A., Pasadena Company D, Santa Ana militia, and Compton.

CAR INJURED LAD.

Collision Last Night Fractures Boy's
Shoulder, Kills Horse, and Re-
duces Wagon to Splinters.
In a collision between Brooklyn-avenue car No. 488 and a grocery wagon at Main and Marchessault streets last night about 7 o'clock, a 15-year-old boy, the driver, was seriously injured, the vehicle was demolished, and a horse was killed. Confusion on the part of the motorman caused the accident.
The driver was on his way from M. G. Gonzalez's grocery store, No. 445 North Main street, where he is employed, to the stable. As he attempted to cross the street car tracks on Main street at Marchessault street, a Brooklyn-avenue car, running south on Main street, pulled up and stopped a short distance south of the corner. Saldumbide had stopped his horse, but when he saw that the car had come to a standstill he started across the track. At the same moment the driver started his horse, the motorman of the car turned on his power, causing the car to dash into the horse and wagon, instantly killing the horse and reducing the wagon to a pile of splinters.
Saldumbide was hurled some distance through the air to the pavement. He was rendered unconscious and was sent to the Receiving Hospital, where Police Surgeon Wiley found that the lad sustained a compound fracture of the left shoulder blade. He was later sent to his home at No. 3214 Buena Vista street.

MANHOLES BLOWN OUT.

The explosion of sewer gas in the conduits of the Home Telephone company between Third and Fourth streets on Hill street Wednesday night about 11:45 o'clock, caused the destruction of one manhole and nearly caused a fatal car accident. Three caps of manholes were buried over twenty feet into the air, while the whole top of a manhole at Third street was torn out. Patrolman Jones was at Third and Hill streets when the explosion occurred, but before he could reach the manhole a dark horse, a solid-bound Belt Line car ran into the iron cap and was nearly derailed. No one was injured. An investigation will be made today by the Pacific Light and Power Company of the conduit system, another explosion having occurred last night.

IN REALTY CIRCLES.

Robert Marsh & Co., report the sale for J. E. Marsh to Mrs. M. P. Doran, today of the property at No. 417 South Bohemian street, consisting of a two-story, ten-room residence, and a lot 12,500 feet, for a consideration of \$11,000. The property is one of the most desirable on the block. The house is a handsome mission-style building, finished in water-proof cement plaster on the exterior and in the most modern manner on the interior. It is on the east side of the street, between Orange and Seventh streets. The purchaser bought for a home.

HOSP WALKS ELEVEN MEN.

Hits Three Others to Help Out His Wifeness.

Twelve Innings Played Before Beavers Win.

Capt. Dillon Tries Out New First Baseman.

Portland, 6: Los Angeles, 2. Twelve innings.

With Hosp trying to leave the ball every place except over the plate, it didn't take many guesses to get next to what happened out at the ball game yesterday, and yet the Beavers had to slip through two Texas swells that the Northwest League team would be ashamed of in order to finish their game.

It was a long, hard fight, which the Beavers should have won easily before they did, for Hosp walked no less than eleven of them and scored three with the ball. There were eighteen plays in the twelve innings, and these should be enough to account for any kind of a score. With fifteen hits and six errors in the twelve innings, there were all kinds of baseball, and the pitchers and the batters must have been tickled to death over the display.

McCreedy put in Hartman to pitch, but he went wrong in the first inning, and Groom was wisely substituted. It was a bad day for pitchers trying to see straight, and half of the ten strikeouts were caused by the batsmen being afraid to get up to the plate for fear of having their heads knocked off by a pitched ball. It was woefully business from start to finish, and no one cared when the Beavers slipped over three runs in the last of the twelfth. There is no occasion to write a book on such a game, for one never would get through reading about what might have happened if something else had not come along to mislead the plate so many times, both Groom and Hosp did well in the heavy, but Hosp's support when just about like a hand-me-down coat.

Some of the local ball players sprung a new one on Dillon in a first baseman named Backbarth, who will never make Milwaukee famous as a producer of ball players. Dillon let him play first for six innings, but before the low couldn't hit, and muffed one of Delmar's throws that led to a run. As soon as the fans began to get busy with the new pitcher, Dillon took his place, but it made little difference, with Hosp as wild as he was.

The Beavers started their first run with Jimmy Byrne's single to left. Groom forced him at second, and Groom went to second on Casey's pass, saving a moment later on Raftery's double to center, which kills ran in for hot could not reach. The next run came from a pass and two singles, and the third from a hit-by-pitcher, a steal, and Backbarth's error.

The locals made their first after two were out, on Nagle's pass and steal, passed to Brashers and Telman and Cline's hit to left. The next run came from a pass, sacrifice, an out, and Johnson's single of a grounder. The third came from Byrne's single, Brashers' out, and Easterly's single.

This was all the locals could get on Groom, and the Beavers gained along until the twelfth before they got any more. In this, Casey walked and stole second, and after Donahue had tied the game, Raftery was passed. Then Johnson forced to Brashers, and Kennedy and Raftery followed with flimsy hits over the infield that no one could get. Kennedy scored on Easterly's wild throw to third.

The betterness of Bullock's undermuslins lies in the perfect materials they are made of; the careful, honest stitching and workmanship; the style of modeling; the trimming—in every part of every garment.
No other Los Angeles store shows such exquisite garments.
For every-day wear, for the bridal trousseau, the range is complete, and values are remarkable. It is our pleasure to show merchandise.
Other stockings at 25c; and at 3 pairs for \$1, very extra values.
Good stockings are a hobby with us. By comparison you can tell how much this means to you. We have found cases in Los Angeles where large stores were selling for \$1.50 stockings we always ask \$1.00 for. They're good \$1.50 values.

BIG AUTO EXHIBITION COMES TO QUIET END.

NEW YORK, Oct. 31.—[Exclusive Dispatch.] With hardly a vestige of the traditional house play the eighth annual automobile show of the Automobile Club of America came to a close tonight at 11 o'clock.
The orchestra played a bar of "Auld Lang Syne." The accessory people in the gallery threw on their conferees below a stage storm of torn paper and with a few toots of automobile horns, the exhibitors sobriety turned to bounding their cars for the night.
The crowd of sight-seers had already dwindled to a few hundreds, and without further demonstration, the show passed into history.
The exhibit was a great and successful one, and the quietness of the demise is an indication of the fact that it has become a fixture. Some exhibitors have felt that the date was too early, but in general the early date has met with approval. The public seem to have taken to the October date more than the exhibitors have. Already talk of next year's show is in the air, and a proposition has been advanced to have it an immense open-air affair, with races and exhibitions in conjunction. August has been tentatively suggested as the proper date for this kind of show.
The show situation is somewhat complicated by the local money market, and there seems to be a falling off in retail sales. Exhibitors are not dissatisfied, however, for wholesale orders are greater than ever, and indication points to a successful automobile year.
As an index of what is going on in the selling, one company manufacturing a popular, medium-priced car, reports that orders were taken for 425 cars, and more than \$18,000 being received in deposits.

LANGFORD SIGNS UP WITH PETER JACKSON.

MANAGER M'CAREY of the Pacific Athletic Club left yesterday on a vacation trip to Sierra Madre, and declared that he would not return for a month, but his friends expect to see him back in town for the Langford-Jackson fight on November 12, if not before.
Before going he finished the arrangements for the black fight and, according to the understanding, the men having signed to battle for 50 per cent. of the gate receipts, and will divide the money 75 and 25 per cent. The referee, whoever he may be, is empowered to settle all disputes, and can disqualify the fighters if they refuse to break on his order. Langford is drilling away hard at the pavilion, and Jackson is down at San Pedro doing his training.

After Big Ones.
As he has soundly thrashed every boy in the featherweight class, Abe Attell intends to branch out for bigger game, and is open to fight either Jimmy Burns, Paddy McFarland or Kid Herman, if either will make 125 pounds at the ringside. Further than this, he makes a noise like a real manager when he says he will give the fight to meet Burns at 125 pounds, ringside, and will bet \$1000 that Farmer wins. He will not take Burns on himself at 125 at 3 o'clock.
Attell has two other matches in sight and one of these is for his brother Monte to meet Jimmy Walsh, and "Kid" Murphy to fight Young McGovern. All of these things sound good to the local fight bugs, and it is to be hoped that if he cannot get a second weight for himself, he will be able to bring a pair of the other boys together. Murphy is believed to be the 105-pound champion, and has a very good leg in the foot. Manager McCarrey has a very high opinion of McGovern, and more than likely will give the fit-boy a date. Murphy broke the arm of a boy named O'Brien in a fight in the

INDOOR BASEBALL

Prospects for Ten Club League Are Good and Schedule of Games Is Arranged.

Indoor baseball is being revived locally and the Hoegoes will play the Long Beach Y. M. C. A. team at Long Beach tonight. Following will be the Hoegoe line-up: Goodman, pitcher; Flick, catcher; Snodgrass, first base; McQuaid, left shortstop; Chandler, right shortstop; Thompson, second base; Townsend, third base; Murphy, left field; Brown, right field.
Murphy pitched in the best run-gatter on the Hoegoe team, and the battery of Goodman and Flick is a formidable one. All the members of the team are heavy hitters, and they expect to annihilate Long Beach tonight.
The challenge from the U. S. C. indoor baseball team has been accepted and a game will be arranged for an early date. Sunday afternoon the Pastimes and Merchants will play at Washington and Ivy streets.
Manager Townsend of the Hoegoes expects to have an indoor league organized within a week, with ten teams bidding membership, as follows: Hoegoes, Pastimes, Merchants, U. S. C., Long Beach, Los Angeles Y. M. C. A., Pasadena Y. M. C. A., Pasadena Company D, Santa Ana militia, and Compton.

"CURLEY'S" TRACK ASSURED.

Final Papers Were Signed Yesterday and Opening Day Is Set for Middle of January.

"Curley" Brown's race track at Venice seems to be a sure thing now, for it is said the final papers were signed yesterday and work will be commenced at once on the plant, with the intention of having the opening on January 15, 1908, or six weeks after Arcadia is to open.
George Rose and Dr. Gardner, who are the moving spirits in the Arcadia track, report good progress on the buildings and they say that by the end of next week there will be barns ready for about 500 horses. The track will be in shape for training purposes in ten days, and the steel frame of the grand stand is now almost up. All of the horses that have arrived here up to this time are training at Ascot, but will move to Arcadia in two weeks.

Manager Nordquist of the Hornets' baseball team at 1774 East Twenty-second street, challenges any amateur teams in or out of Los Angeles.

TOURNAMENT POSTPONED.

Golf Play for President's Cup to Be Concluded at Later Date—New Secretary.

Play in the President Cup Golf Tournament at the Los Angeles Country Club is temporarily at a standstill, owing to the fact that several of the contestants have been summoned for grand jury duty. It is expected that the three remaining matches in the second round will be played off on Sunday. Thirty-five members of the club were on the links yesterday, but no matches in the regular tournament were played.
F. W. Malle, formerly of the California Club, has succeeded H. F. Dryden as manager of the club. Dryden resigned some time ago, and has gone to San Francisco.

Courting Championship.

SALT LAKE CITY (Utah), Oct. 31.—The courting championship of the United States, symbolized by the Waterloo Cup, is held by Ring Lady, a handsome black and white hound owned by Redman & Elliott of Salt Lake. In the finals of the famous stake, Ring Lady beat On On Dago, a California dog, 7 to 3.

Date Is Changed.

The date of the basketball game between Polytechnic and Compton high schools has been changed from Saturday to Friday, the game to be played on the Polytechnic court. Edgar Robertson, who has been playing Rugby, has quit the football game and is now trying out for basketball.

For the Bennett Cup.

NEW YORK, Oct. 31.—Another boat race to Bermuda for the Bennett Challenge Cup, it is announced, will be started from this city on June 4 next. It is open to all seaworthy motor craft, not more than seventy feet over all, that comply with certain conditions for safety.

Athletic Officers.

Miss Hattie Gilmore has been elected captain of the girls' basketball team of the Los Angeles High School for the season. Charles Rogers has been chosen manager for the tennis team. A tournament will be held at the Harvard School courts early in spring.

County League Prospects.

Secretary Hamilton reports the County High School League in better financial circumstances than it has for some time. There is \$25 in the treasury, beside a track fund of \$30.

CAR INJURES LAD.

Collision Last Night Fractures Boy's Shoulder, Kills Horse, and Reduces Wagon to Splinters.
In a collision between Brooklyn-avenue car No. 486 and a grocery wagon, at Main and Marchessault streets last night about 7 o'clock, B. Saldumbide, aged 17, the driver, was seriously injured, the vehicle was smashed, and a horse was killed. Confusion was the part of the motorman caused the accident.
The driver was on his way from M. G. Gonzalez's grocery store, No. 445 North Main street, where he is employed, to the stable. As he attempted to cross the street car tracks on Main street, pulled up and stopped a short distance south of the corner. Saldumbide had stopped his horse, but when he saw that the car had come to a standstill he started across the track. At the same moment the driver started his horse, the motorman of the car was on his power, causing the car to dash into the horse and wagon, instantly killing the horse, and reducing the wagon to a pile of splinters. Saldumbide was hurled some distance through the air to the pavement, and was rendered unconscious, and was sent to the Receiving Hospital where Police Surgeon Will found that the lad had sustained a compound fracture of the left shoulder blade. He was later sent to his home at No. 2214 Buena Vista street.

MANHOLES BLOWN OUT.

The explosion of sewer gas in the conduits of the Home Telephone company between Third and Fourth streets on Hill street Wednesday night about 11:45 o'clock, caused the destruction of one manhole and nearly caused a street car accident. Three cases of manholes were hurled over twenty feet into the air, while the whole top of a manhole at Third street was torn off. Patrolman Jones was at Third and Hill streets when the explosion occurred, but before he could replace the lids to the manholes a south-bound Belt Line car ran into the iron cap, and was nearly derailed. No one was injured. An investigation was started today by the Pacific Light and Power Company of the conduit system, another explosion having occurred last night.

IN REALTY CIRCLES.

Robert Marsh & Co. report the sale for J. E. Marsh to Mrs. M. P. Dugan, of the property at No. 423 South Hollywood street, consisting of a two-story, ten-room residence, and a lot 35x130 feet, for a consideration of \$11,500. The property is one of the most desirable on the block. The house is a handsome mission-style building, finished in waterproof, concrete plaster on the exterior and in the most modern manner on the interior. It is on the east side of the street, between Orange and Seventh streets. The purchaser bought for a home.

Quaker Reflections.

The rolling stone is seldom falling in wealth.
To politicians a dark horse is often a nightmare.
The dollar mark is too often synonymous with the mark of esteem.
A woman may talk about her late husband without being a widow.
You can't go to the office of a chiropractor without putting your foot in it.
Every man has an aim in life, but lots of them are aimlessly poor marksmen.
You can't believe all you hear. Many a girl named Rose hasn't a cent to her name.
A girl may be always finding four-leafed clover without being a good-lucker.
Money makes the mare go, but it won't always make her come out first in a race.
Without regard to the price, it is quite natural that umbrellas should go up in rainy weather.
The significance of environment is demonstrated by the fact that the sailor on shore is generally all at sea.

THE KENTON NEWS SERVICE

EVENTS IN LOCAL SOCIETY.

MISS ELISE LAUX and Robert McClure Granger, who will be married at the home of the bride's parents, Mr. and Mrs. Carl Laux, of No. 1221 Carroll street, November 12, have chosen their attendants. Miss Laux's niece, Miss Manilla Botsford, will assist as maid of honor, and the best man will be Mr. Granger's youngest brother, Louis Granger. Although the wedding will be witnessed by relatives only, it is of great interest to a large circle of friends. Next week Mrs. J. Harvey

was ornamented with a large yellow pumpkin filled with tiny dolls, representing the different vaudeville characters. These were given as favors.

Evening Party. Miss Katherine Isaacs of No. 1527 Tuberman street, entertained last evening with a unique affair in celebration of Halloween. Guests were dressed as children, and a merry time enjoyed. Miss Isaacs was assisted in receiving and entertaining by Miss Edna Appleton. Among those who enjoyed the hospitality of the occasion were: Miss Della Appleton, Miss Alice

guest Wednesday evening at a surprise party given by about fifty of her friends at the home of her mother, Mrs. Isidore Isaac Gerson, of No. 350 South Alvarado street. Miss Gerson and her son, Isidore, will be married November 15. The wedding, for which 1000 invitations have been issued, will be a quite elaborate event.

Informal Afternoon. Miss Lillian Montague, whose wedding to Harry Osborne will take place this month, in the Independent Church of Christ, was the guest of honor yesterday afternoon at an informal affair given by Miss Lou Ward of Grand avenue. Miss Montague is the daughter of Mr. Horstmont Montague of No. 2039 Oxford street.

Garden Fete. The beautiful home of Mr. and Mrs. Philo Beveridge of Hollywood was the scene of a brilliant event yesterday afternoon and evening, when members of St. Catherine's Guild of St. Stephen's Church, Hollywood, entertained with a large garden fete. The event was a description presided over by pretty maids and matrons were placed among the shrubs and foliage. The event was truly a clever one and much credit is due Mrs. C. J. George, the president, who worked faithfully for its success.

Notes and Personal. Mrs. Robert Bruce Wallace will be at home to her friends at the residence of her parents, No. 828 S. Union avenue, the first and third Fridays. Mrs. Julius Kauffman has moved to 211 Rampart street. She will receive Friday.

Mrs. I. de Armin Biglet and daughter, Miss Court, have gone North on an extended visit. Dr. and Mrs. George H. Kross are in town for the winter at the home of their aunt, Mrs. E. W. Hutchins of No. 221 Virgil avenue. Mrs. Kross and Mrs. Hutchins will be at home to their friends the first Fridays.

PATHEC LIFE-TRAGEDY. Woman Finds Her Father After Thirty Years, but Not Until Death's Summons Comes.

A pathetic story, the details of which cannot be learned, came to light yesterday, when Mrs. Eillard Wakeman of this city, became aware that she had been living near her father, whom she had not seen for thirty years, but neither knew of his existence or the other in Southern California.

The most pathetic part of it is that the daughter only learned of the presence of her father through a reading in The Times a notice of his death, which occurred at Covina on Sunday.

Benjamin W. Marshall was his name, and he was an ex-Confederate soldier, who left Virginia thirty years ago, and was never heard of afterward. His daughter later came to Los Angeles, but never suspected that her father was living a few miles from the city. She hastened to Covina yesterday for further particulars, and learned that he had died in poverty in a miserable manner.

Mrs. Wakeman intimated that at one time her father had been a man of considerable means, and she has long believed that he was dead. She was desirous that no publicity be given to her visit to Covina, and was greatly distressed at the evidence of poverty amidst which her father died. The body had been buried when Mrs. Wakeman called, and she was denied a last look at the face she had not seen since childhood.

CONDUCTORS' CONVENTION. Thirty-seventh Annual Session Will Be Held in Los Angeles Next Week.

Arrangements were completed yesterday for the session in Los Angeles of the thirty-seventh annual convention of the Railroad Conductors' Association. The convention will be held here on November 4, and the start will be made from St. Louis tomorrow in a special train. Their schedule will be to the Wash., Rock Island, Denver and Rio Grande and Salt Lake, by way of Kansas City, Denver, Salt Lake City and thence to Los Angeles, arriving November 3.

The association is a benefit one entirely and is primarily for the life insurance of its members. It is composed of those who risk the ordinary insurance companies refuse to handle. During the visit to Los Angeles, which will last three days, there will be a series of side trips to Catalina, Pasadena and other points of interest, and a reception.

SCAFFOLD GIVES WAY. Two Painters Seriously Injured by Falls and May Not Recover. Taken to Hospitals.

E. W. Campbell and W. E. Johnson, painters, were seriously injured yesterday afternoon by falling from scaffolding. Although the men were at work on buildings, several blocks apart, they received their injuries at almost the same moment and both reached the hospital at the same time.

Campbell, who is 40 years of age, was painting near the roof-copying of a stable at No. 216 East Market street, yesterday afternoon, when the scaffolding on which he was at work gave way, throwing him thirty feet to the ground. He sustained a fracture of the femur bone in his left leg and other injuries, including internal injuries, which may result fatally.

Johnson was at work on the Beaumont Café building when the scaffold on which he was working broke and tumbled him to the granite sidewalk, twenty-five feet below. He was seriously injured. His right hip was shattered, he sustained a compound fracture at the right knee and a compound fracture of the jaw besides a broken wrist and eight lacerations on the head and face. He may not recover. He was sent to the Good Samaritan Hospital.

TOO MUCH SALT. Man Who Believes He Is Rival of Lot's Wife Meets the City Jail.

Edward Ellison, employed at the Soutco packing-house as a hide rustler, is being detained at the Receiving Hospital until physicians can make a careful examination of him to determine his mental condition.

Ellison was arrested late Wednesday night and charged with being under the influence of liquor. It is now believed that he is mentally deranged. Salt is said to be responsible for Ellison's condition. He imagines himself to be a rival of Lot's wife and has been employed as a hide rustler. His work consists in shaking the salt from the cured hides at the packing-house. From early morning to late at night he works with the salt flying about him.

Physicians state that the constant breathing of this vile stuff must have caused Ellison's mind to become affected.

LOOT AT LEISURE. Burglars Get Booty of Jewelry and Feathers While Family Is Away from Home.

The home of William Smith at No. 313 Sixth street, just beyond the city limits, was ransacked by burglars Wednesday night and several hundred dollars' worth of jewelry taken. A locket and chain, two gold watches, ostrich feathers of value, opera glasses, revolvers and brace-a-brac of value were taken by the midnight visitors.

A jimmy used on one of the lower windows in the rear of the house gave an easy entrance to the burglars. They worked without interruption, the family being away at the time. When the members of the Smith family returned at a late hour, they found the contents of the rooms piled about on the floor and everything of value taken.

DOWN AND OUT. Ambitious Young Pugilist Inflicts Morbid Wound Upon Himself Because He Cannot Win Honors.

Fred Berry, a young pugilist who attempted suicide Wednesday morning by shooting himself in the stomach, is dying at the Clara Barton Hospital. Berry is so fearfully wounded that the surgeons in attendance offer no hope of his recovery. He is simply a matter of a few hours until the wonderful vitality that has thus far sustained the young fighter, dies out.

Berry, known to the fight ring as "Kid" Berry, took his life because he was ambitious to reach the top rung of the pugilistic ladder and was unable to do so. He was a native of Los Angeles and had been in the city for some time.

NOT HER NOTE, WIFE ASSERTS

COMPLICATIONS IN THE DIVORCE CASE OF SAMMANN.

Wealthy Mexican Mate of German Seeking Separation, Declares Signed No Obligation to Pay \$10,000—Bankruptcy Action Adds to Her Woes.

The marital troubles of Clara Sammann, a German of married age, and her husband, a wealthy Mexican, have become so complicated that the divorce court assumed a threatening aspect yesterday when the authenticity of a \$10,000 note became a matter of dispute between the estranged pair. Although confronted with the note, which purported to be signed by Clara Sammann, her husband, who had signed such a note, which obligated her to pay \$10,000 in gold coin, in addition to other troubles, her husband-in-law, a petition in the United States District Court, asking that Mrs. Sammann be declared a bankrupt.

Besides all this, an answer to her divorce complaint was served on her yesterday by her husband's counsel, which says she is a fraud.

Mrs. Sammann, the daughter of the late J. B. T. Caraga, a Mexican who amassed a large fortune in operations in the North. She declares she has been obliged to sign the note because she would not hand over her coin to her husband, who threatened to sue her for the \$10,000, and in her divorce complaint she says she willingly supported the household expenses, but finally refused to allow her husband to draw on a bank account at his own street place.

The couple were married eighteen years ago. At present, she lives in a handsome home on Argus street, but for the past year Mr. Sammann has been living in a small rooming house.

A few weeks ago Mrs. Sammann's husband attempted to make her sign away the bulk of her fortune because of her refusal, mistreated and threatened all manner of this. This precipitated the divorce proceedings.

According to her attorney, H. Flower, the note for \$10,000, supposed to have been signed by Mrs. Sammann, will play an important part in the divorce proceedings and may be grounds for another action, this time on the part of Mrs. Sammann.

Koser says Sammann gave a note to Santa Barbara bank for \$10,000, signed by his brother. A survey of the note shows that it was given by the brother. The holder of this note comes forward and demands that Mrs. Sammann pay it. She claims never signed it, although what appears to be her signature is affixed to the bottom of the note.

"We shall be able to show that Mrs. Sammann is being persecuted," says attorney Flower. "The note is not hers and she would not give up her fortune to her husband. The couple have children, three of whom are minors. The court gave the custody of the three youngest children to the mother, pending the disposition of the divorce action. Mrs. Sammann had no money for the past year. Her husband was continually seeking to secure control of her property."

Sammann is a well educated wife of a fine family. He holds a clerkship with large firm. He has done all the allegations of his wife and he will prove his absolute innocence of various acts of cruelty charged against him.

The involuntary petition in bankruptcy filed in the Federal Court against Mrs. Sammann sets forth that she should be declared a bankrupt and that the court should make an investigation of her affairs. Mrs. Sammann will proceed to contest this petition. When informed of the action, she declared: "What right?"

PERMISSIMONS EATABLE. New Method Discovers for Removing the Strong Astringent Quality.

George C. Reedling of Fresno has just completed a series of experiments with Japanese permissimons, which are of the utmost importance and only the orchardists of this State, and those of the whole western part of the United States, as far north as the latitude of Washington, D. C., and the California Fruit Growers. He has succeeded in removing the strong permissimon its well-known astringent quality, so that it will be possible from now on to prepare the fruit actually on the farm that it may be shipped, marketed and eaten with firmness and what was now termed "green." The marketing of this fruit has always been very serious affected by the fact that it is not its natural state, fit to be eaten until it has become so ripe as to be the verge of decay, and so not strictly wholesome, and certainly of no use for extensive shipping. This difficulty is now removed.

Mr. Reedling has been working this idea for the past two or three years, but actually produced the fruit in marketable quantities only a few days ago and sent a carload of shipped East by the Earl Fruit Company of this city, thus putting it in the regular channels of trade. It has also been sent to Japan, where it is to be marketed. The shipping was done in twenty-pound boxes, and the boxes were sent out in refrigerated cars.

The process by which the astringent quality is removed from the fruit is simple enough, and is borrowed from a widespread practice in Japan. It simply is to place the fruit in salt water which, after a few days, is removed. The fruit is then removed, and the salt is removed. The fruit is then ready to be eaten.

The process is widely used in Japan where the permissimon is a very valuable product. Some interest was taken in it by the Department of Agriculture of the United States, and Mr. Reedling is conducting, or has just begun, a series of experiments of this kind in this country.

NOT HER NOTE, WIFE ASSERTS.

COMPLICATIONS IN THE DIVORCE CASE OF SAMMANN.

Worthy Mexican Mate of German, Seeking Separation, Declares She Signed No Obligation to Pay One Thousand Dollars—Bankruptcy Agent Adds to Her Woes.

The marital troubles of Claus F. Sammann, a German of martial lineage, and his buxom Mexican wife, Nicolas Sammann—soon to be aired in the divorce court—assumed a threatening aspect yesterday when the authenticity of a \$1000 note, became a matter of dispute between the ill-mated pair. Although confronted by the note, which purported to bear her signature, Mrs. Sammann declared she never had signed such a document, which obligated her to pay Dattin Sammann, brother of her husband, \$1000 in gold coin. In addition to her other troubles, her brother-in-law filed a petition in the United States District Court, asking that Mrs. Sammann be declared a bankrupt.

Besides all this, an answer to her divorce complaint was served on her yesterday by her husband's counsel, who says are several allegations which she says are pure fabrications.

Mrs. Sammann is the daughter of the late J. B. T. Sammann, a Mexican who amassed a large fortune in oil operations in the North. She declares she has been the object of persecution because she would not hand out her coin to her "husby" whenever he wished it. Her fortune is estimated to be \$5000, and in her divorce complaint she says she willingly supported the family of five children and paid the household expenses, but finally refused to allow her husband to draw on her bank account at his own sweet pleasure.

The couple were married about eighteen years ago. At present they live in a handsome home on Arapahoe street, but for the past year Mr. and Mrs. Sammann have not been on friendly terms.

A few weeks ago Mrs. Sammann said her husband attempted to make her sign away the bulk of her fortune and, because of her refusal, mistreated her and threatened to have her committed. This precipitated the divorce proceedings.

According to her attorney, H. H. Rose, the note for \$1000, supposed to have been signed by Mrs. Sammann, will play an important part in the divorce proceedings and may be the ground for another action in the court. Rose says Sammann gave a note to a Santa Barbara bank for \$1000, but it was returned by the bank as a note for the same amount was given the brother. Now the holder of this second note comes forward and demands that Mrs. Sammann pay it. She claims she never signed it, although what purports to be her signature is affixed at the bottom of the note.

"We shall be able to show that Mrs. Sammann is being persecuted," said Attorney Rose last evening. "Because she would not give up her fortune to her husband, the couple have five children, three of them comparatively young. The court gave the custody of the three youngest children to the mother, pending the disposition of the divorce action. The poor woman has not had any peace for the past year. Her husband was continually seeking to secure control of her property."

Sammann is a well educated Teuton of a fine family. He holds a clerical position with a large firm. He denies all the allegations of his wife and says he will prove his absolute innocence of various acts of cruelty charged against him.

The involuntary petition in bankruptcy filed in the Federal Court against Mrs. Sammann sets forth that she should be declared a bankrupt and that the court should make an investigation of her affairs. Mrs. Sammann will proceed to contest this petition. When informed of the action, she said wearily: "Well, what next?"

PERSIMMONS EATABLE.

New Method Discovered for Removing the Strong Astringent Quality.

George C. Roeding of Fresno has just completed a series of experiments with Japanese persimmons, which are of the utmost importance, not only to the orchardists of this State, but to those of the whole southern part of the United States, as far north as the latitude of Washington, D. C., and the California Fruit Grower. He has succeeded in removing from the green persimmon its well-known astringent quality, so that it will be possible from now on to so prepare the fruit actually on the farm that it may be shipped, marketed and eaten while still firm, and what is now termed "green." The marketing of this fine fruit has always been very seriously affected by the fact that it is not, in its natural state, fit to be eaten until it has become so ripe as to be on the verge of decay, and so not strictly wholesome, and certainly of no use for extensive shipping. This difficulty is now removed.

Mr. Roeding has been working on this idea for the past two or three years, but actually produced the fruit in marketable quantities only a few days ago and had 1000 pounds of it shipped East by the Earl Fruit Company of this city, thus putting it into the regular channels of trade. He has also sent some of it in packages to Washington, to be inspected by the authorities there. The shipping was done in twenty-pound boxes, and the boxes were sent out in refrigerator cars.

The process by which the astringent quality is removed from the fruit is simple enough, and is borrowed from a widespread practice in Japan. It is simply to place the fruit in tubes, made of white, or Japanese "rice paper," which are hermetically sealed, and the fruit left in them from eight to ten days. When it is removed, it is found to have altogether lost the unpleasant quality which draws one's mouth into a pucker with the first bite. The fruit may be eaten from the hand, like an apple. It seems that the fumes of the sack coming from the wood effect the change. For this purpose small tubes of the regular Japanese make are used.

The process is widely used in Japan, where the persimmon is a very valuable product. Some interest was taken in it by the Department of Agriculture of the United States, and Mr. Roeding is confident he has just brought to a successful close the first experiments of this kind in this country.

Association. The secretary will return the \$50 now in his possession to the merchants who were approached by solicitors and induced to contribute. A. C. Burton, one of the patrons of the concert, will return all cash contributions. Owing to the vigilance of Secretary Zechendelar, the merchants of this city have been saved several hundred dollars.

High Gravity Oil. The new well belonging to the Western Union Oil Company in the Santa Maria field which came into oil lately, has been "put on the pump" and is said to be producing oil of 22 degrees gravity, the highest yet found on their ground. The well is east of all the other operating wells, but the ground

has been proven by the proximity of good producers. It is not yet known what the capacity of the well is, and it is probable that the first production, which is large, will not keep up. This is one of the few wells which it has been necessary to pump, nearly all Santa Maria wells flowing voluntarily.

Of the Spitzer Stock By the

Merchant's Trust Co., Trustee

Bought at our own price, the entire stock of N. H. Spitzer, formerly at 340 South Broadway. Mr. Spitzer was in business only six months, but finding competition too strong for a stock of high priced ready-to-wear women's garments, was forced into the hands of trustees. In addition to this superb stock, we have bought, at about one-half its value, the stock of a large, well-known Eastern retailer, and we thus offer the two stocks at a very small fraction of their real value.

"It Pays to Advertise" Business Announcement

Yesterday, Oct. 31st, 1907, marked the last day in the most successful year in our history.

We are the oldest, strongest, largest and most conservative advertising company on the Pacific Coast. We have placed more general foreign newspaper, magazine and trade paper advertising than all other Western advertising concerns combined. We are large buyers of space, which gives us prestige with publishers everywhere. Display, classified and pure reading announcements placed by us in any paper anywhere at lowest rates attainable.

THERE'S freedom and litheness in every curve of the "Novent" Petticoat.

It's the only safe foundation for new Paris fashion in skirts—tight fitting about the hips.

Even the home dressmaker gets the right effect when fitting over the "Novent." It reduces the waist-line; improves the figure.

Glove-fitting Jersey top. Elastic waist-band. Flounces of good saten to best taffeta silk. \$2 to \$13.50.

Ask for the "Novent" at good stores everywhere. Look for the trade-mark "Novent" on the waist-band.

If your dealer can't supply you, write to us for booklet and information.
